a definitive reference work on greek and roman political thought from the age of homer to late antiquity first published in

2000

although this book places particular emphasis upon the home and family ian jenkins also describes some of the more public aspects of greek and roman life such as the theatre chariot racing and gladiators this colorful introduction is fully illustrated chiefly from the collections of the british museum

greeks and barbarians examines ancient greek conceptions of the other the attitudes of greeks to foreigners and their religions and cultures and politics reveals as much about the greeks as it does the world they inhabited despite occasional interest in particular aspects of foreign customs the greeks were largely hostile and dismissive viewing foreigners as at best inferior but more often as candidates for conquest and enslavement

modern western education finds its origins in the practices systems and schools of the ancient greeks and romans it is in the field of education in fact that classical antiquity has exerted one of its clearest influences on the modern world yet the story of greek and roman education extending from the eighth century b c into the middle ages is familiar in its details only to relatively few specialists containing nearly 300 translated texts and documents greek and roman education a sourcebook is the first book to provide readers with a large diverse and representative sample of the primary evidence for ancient greek and roman education a special feature of this sourcebook is the inclusion not only of the fundamental texts for the study of the subject but also unfamiliar sources that are of great interest but are not easily accessible including inscriptions on stone and greek papyri from egypt introductions to each chapter and to each selection provide the guidance which readers need to set the historical periods themes and topics into meaningful contexts fully illustrated and including extensive suggestions for further reading together with an index of passages explored students will have no further need for any other sourcebook on greek and roman education

this book provides a concise illustrated introduction to the history of modern greece with a new final chapter about greek history and politics to the present day 56 illustrations 10 maps

in this book the author uses a selection of twenty six of his papers in which he sets forth both interbehavioral psychology and hellenic greek psychology together with psychological concepts of hunter gatherers egyptians and indo europeans contents i introduction ii pre greek greek and indian psychology iii interbehavioral psychology general framework special topics studies concerning the founder of interbehavioral psychology tribute selected bibliography
